Safety & Social Distancing Measures

To protect you and our colleagues, we've implemented a number of safety and social distancing measures that we kindly ask customers to adhere to;

- Please do not visit our showroom if you have any symptoms related to COVID-19
- As of July 24, customers visiting our showrooms will need to wear a face mask or covering before entering. The liability for wearing a face covering lies with the individual. Should an individual without an exemption refuse to wear a face covering, we can refuse entry into our showrooms. For more information and exemption details, please visit www.gov.uk/coronavirus
- Due to limited entry, please wait outside our showroom upon arrival whilst ensuring a 2-metre distance of other customers and our colleagues. Please do not enter until a member of our team greets you and advises when it's safe to do so
- Upon entering, our team will detail the relevant safety and social distancing measures in place and customers will be asked to use the hand sanitizer provided

- Floor markers will detail one-way systems and there will be notices issued throughout the premises for necessary guidance
- Customers should keep a 2-metre distance from others at all times and be mindful about contact with products and surfaces
- Showrooms will be cleaned and sanitized frequently to ensure high levels of hygiene
- During this time, we can only take card and pay link payments. We apologise for any inconvenience this may cause.

Showroom Consultations

Showroom Consultations offer our customers a pre-booked appointment with a member of our expert team. A consultation is particularly beneficial if you are struggling to choose amongst the endless possibilities, are looking for some design advice or if you simply don't know where to start. A dedicated appointment will allow our team to guide you through your project and help make your tile journey as inspiring as it should be. The same safety and social distancing measures detailed previously apply and our showrooms will be cleaned in-between appointments and frequently throughout the day. To book a Showroom Consultation, please contact your local showroom. Contact information is detailed below.

Virtual Consultations

If you'd rather not visit our showrooms, our teams are still able to assist with your tile project via phone, email, and video consultations. Please contact your local showroom to start discussing your project and to book a call or video appointment. Contact information is detailed below.

Call & Collect

A 'Call & Collect' service is in place for trade supplies and sample orders. Customers should contact their local showroom to place an order and arrange a collection time.

To ensure appropriate safety and social distancing measures, Call & Collect customers should make their way to the collection point which will be positioned in the showroom car park. Customers should then call the showroom team to alert them of their arrival. Payments will be taken via an emailed pay link and customers are kindly asked to keep a 2 metre distance from other customers and our team.
